

2030 - LIVING LINEN

**THE FLOURISHING
REVIVAL OF FLAX -
CO-DESIGN DRIVEN**

Our Shared Commitments

- 1,000 acres of flax on the island of Ireland
- Sow what?
- Open source machinery leads to 5 hubs around the island
- In the schools
- All environmental NGOs wear linen t-shirts
- Farms profitable, diverse and biodiversity positive
- Government premises sown with flax
- Apprenticeships available
- Heritage trails open to sites of importance in linen's history in Ireland
